2701 E Tugalo St. - Airport
Toccoa, Georgia 30577

~ ~ ATTENTION AIRCRAFT OWNERS/PILOTS ~ ~

ADS-B Compliance.....**GOV'T REBATE ENDS-----**
FOOTHILLS AVIATION REBATE- - -BEGINS!!!!

Get your aircraft on our schedule soon for your ADS-B upgrade and we will rebate cash back to *you* on completion of work!! No Gov't strings attached! **We will install the FAA approved ADS-B system of your choice and return cash to you in the amount of 10% off equipment cost (Maximum \$500.00) when installation is completed!!!** Since the Government Sponsored Rebate Program has expired, we thought you might need a little more time to think this thing thru and decide which system is right for your aircraft. Truth is, avionics shops are beginning to get busy, and soon, many thousands of planes will not be able to get their work done on time due to scheduling constraints! **So, we invite you to pick a week between now and Dec 31, 2018, schedule your project to take advantage of this cash-back offer, and Git—R—Done!!**

Sincerely, Bill Wood — FAA CERTIFIED REPAIR STATION: B2KR333J.
